1.40 - Visitors

(Updated: November 2009) (Please reference board policy 8:30)

All visitors, including parents and siblings, are required to be “buzzed in” before they enter through the Main Entrance of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. All visitors must return to the main office and sign out before leaving the school. Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespassing and/or disruptive behavior.

1.50 - Equal Opportunity and Sex Equity

(Updated: November 2009) (Please reference board policy 7:10)

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact the building principal or superintendent.

1.60 - Animals on School Property

(Updated: February 2010) (Please reference board policy 6:100)

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

1.70 - School Volunteers

(Updated: November 2009) (Please reference board policy 6:250)

All school volunteers must complete the "Volunteer Information Form" and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

1.90 - Emergency School Closings

(Updated: November 2009) (Please reference board policy 7:90)

In cases of bad weather and other local emergencies, please listen to any local radio or television station to be advised of school closings or early dismissals. School closings for any reason will be announced as soon as possible. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information. A school messenger notification will also be sent out as soon as possible.

Weather permitting, the district will implement a Late Start, meaning school would begin at 10:00 a.m. The same notification procedures described above will be used to inform parents and students.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal.

If we dismiss early for an emergency, all after-school functions are automatically canceled.

1.100 - Video and Audio Monitoring System

(Updated: February 2009) (Please reference board policy 7:220)

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

1.110 - Accommodating Individuals with Disabilities

(Updated: February 2011) (Please reference board policy 6:120)

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Individuals with Disabilities Act

Individuals with Disabilities Education Act and implementing provisions of the School Code, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the child (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

1.120 - Students with Food Allergies

(Updated: November 2009) (Please reference board policy 7:285)

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at (217) 435-2211.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan may be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

1.130 Care of Students with Diabetes

(Updated: February 2011) (Please reference board policy 7:270)

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the building principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the building principal.

1.140 Suicide and Depression Awareness and Prevention

(Updated February 2016) (Please reference board policy 7:290)

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the school office.

Chapter 2 - Attendance, Promotion & Graduation

Student academic expectations, including attendance, grading, homework, promotion and high school graduation. Parents are strongly encouraged to call the office with transportation changes before 2:00. Creating changes at the end of the school day can lead to confusion and the risk of notification of a change not being communicated to the teacher and student. Please only call the office after 2:00 in an emergency situation.

2.10 - Attendance

(Updated: February 2014) (Please reference board policy 7:70)

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: attend private school, are physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), are lawfully and necessarily employed, are between the ages of 12 and 14 while in confirmation classes, or have a religious reason requiring absence.

The legal obligation for regular and continuous school attendance rests with the parents. Irregularity in school attendance is a serious detriment to the progress of the student. Nine (9) days of excused absences are allowed during the school year. Additional absences will require a doctor's note for the absences to be considered excused.

The principal, not the parent, determines whether a student is excused or unexcused.

Without prior notice or a written statement from the parent/guardian, the absence will be considered truancy.

A no credit absence need not penalize the student by deducting from his/her nine-week grade. When the student turns in make-up work as designated by the teacher, within a time limit set by the teacher (usually one day for each day absent), the student will be given credit for a completed assignment and will be averaged at the discretion of the teacher.

Unexcused Absence – Absences are considered unexcused in instances such as, but not limited to, the following:

1. Working
2. Overslept
3. Home studying
4. Family vacation with inadequate notice or in excess of 10 days.
5. Shopping
6. Getting a haircut or having hair fixed.

7. Appointment not specified by parent or approved by the office in advance.
8. All unspecified excuses or notes: “had my permission”, “problem”, “emergency”, “our business”, etc.
9. “Take your child to work day” – do this in the summer or during school holidays, etc.
10. Illness of three consecutive days without a signed note by the treating physician.
11. Any absence which exceeds the 10 day allowable limit and is not excused by a doctor’s note.
12. Out-of-school suspensions.
13. Going out of town, unless in a case of emergency.

Students not in school shall not be present at school functions on the date of non-attendance. A student must be in school at least half of a day to attend school functions on the day of an absence. Exceptions: individual situations may be reviewed and approved by the principal.

The absence of any student must be reported to the Waverly Elementary School office by the parent or guardian on each day the student is absent. We request that the call be made between the hours of 8:00 a.m. and 9:30 a.m. If the parent/guardian fails to call the school, school personnel will make every effort to contact the parent. If no contact has been made, the absences will be unexcused.

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student’s safety or health, or other reasons as approved by the principal. The school reserves the right to request a written medical excuse for students that miss 3 or more consecutive days due to illness. All other absences are considered unexcused. Pre-arranged excused absences must be approved by the principal **with 48 hours notice prior to the absence.** Students of non-compulsory age will be automatically dropped after 10 consecutive days of unexcused absences unless the school administration is made aware of extenuating circumstances.

The school may require documentation explaining the reason for the student’s absence.

In the event of any absence, the student’s parent or guardian is required to call the school at 435-2211 before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student’s absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

Note: All medical excuses must be turned in to the office within 2 weeks of the absence.

Tardiness

Being present in class and participating in class are academic functions. All students are to be in their proper classroom and in their seats when the tardy bell rings. A student who is tardy for the first period of the day or late for class must report to the office for an admit slip before entering the classroom. Students will be considered tardy if they arrive after 8:10 but before 8:45. The principal shall have the prerogative of deciding whether the student is tardy or truant and will set up a procedure for administering discipline.

2.20 - Students who have an unexcused absence from school- will be allowed to make up missing work for half credit (50%).

2.30 - Release Time for Religious Instruction & Observance

(Updated: November 2009) (Please reference board policy 7:80)

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

2.40 - Make-Up Work (Updated: February 2016)

Students who have been absent from school should make arrangements with their teachers to make up for all missed work. A minimum of one school day will be granted to complete all assignments and tests for each day of absence. When students miss only one (1) day, assignments from the day of absence are due upon return to school.

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students who are unexcused from school will be allowed to make up missing work for half credit (50%).

2.50 - Truancy

(Updated: February 2013) (Please reference board policy 7:70)

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss 9 days or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

2.60 - Grading & Promotion

(Updated: June 2021) (Please reference board policy 6:280)

Report cards can be accessed online approximately 7 days following the conclusion of each 9-week grading period during the school year. If a hard copy is needed due to an inability to access the grades online, please contact the office to make the necessary arrangements. Any problems or questions concerning a grade should immediately be directed to the teacher involved.

The following Grading Scale will be used:

98-100 = A+	93-97 = A	90-92 = A-
88-89 = B+	83-87 = B	80-82 = B-
78-79 = C+	73-77 = C	70-72 = C-
68-69 = D+	63-67 = D	60-62 = D-
59 and below = F = 0		

Only the final semester grade for each class is recorded on the permanent record card and used in determining class rank.

Final semester grades for each course at Waverly High School are determined according to an adopted schedule. Each nine-week grade is given a weight of 40% and the final exam is weighted at 20%. All students will be required to take finals or complete a project pre-approved by the principal.

Elementary Grading Scale:

Grading System (Explanation of Grade Card Symbols):

The following Grading Systems are utilized in the Waverly Elementary School.

S / U Grading System

S = Satisfactory

S- = Needs Improvement

U = Unsatisfactory

I = Incomplete

Standards Based Grading Scale

4 = indicates that the student has demonstrated proficiency in and can apply knowledge above and beyond the standard

3 = indicates that the student mastered the standard (This is the target score and to be celebrated!)

2 = indicates that the student is able to demonstrate some understanding of the concept required, but lacks proficiency

1 = indicates that the student has difficulty demonstrating understanding and needs support to complete the task

Promotion and Retention

Elementary school students who have shown evidence of proper growth and development from a mental,

physical, and emotional standpoint and have obtained the standards set forth by proper authority shall be promoted. Such decisions shall be based upon the following criteria:

Primary Grades 1-3

Students shall be doing passing work in core subjects according to the following

Grade level requirements:

First grade - one of two core subjects (math and reading)

Second grade - two of four core subjects (math, reading, spelling, English)

Third grade - two of four core subjects (math, reading, spelling, English).

Intermediate Grades 4-6

Students in 4th grade must have a passing grade as the final year grade in reading, english, and math.

Students in 5th and 6th grade must have a passing grade as the final grade in ELA and math.

Before retention can be considered, it is essential that sufficient strategies to support student growth are implemented, and that the parents be kept informed of the student's achievement at all levels of development. Special education students will not be automatically exempt from retention if data supports the decision to retain.

The decision to retain a student will be made by the school team in consultation with the parent. The school team may consist of principal, counselors, interventionists, social workers, teachers, etc.

The school team and parents may mutually agree to retain a student if in their opinion a student stands to benefit from repeating a grade. The school team shall notify parents as early into the school year as possible when it becomes evident that the student might fail a course. Parents and teachers shall work together in the best interest of the students.

Final yearly grades will be determined by the average of the 4 quarter percentages. Two exceptions will be granted:

If a student has 3 quarter grades of D- and one quarter of F or if a student has one quarter grade of D, two quarter grades of D-, and one quarter grade of F the student will have passed regardless of the final percentage.

2.70 - Homework

(Updated: November 2009) (Please reference board policy 6:290)

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level.

LATE WORK POLICY- Students may earn 60% credit for any school work that is turned in late up until the end of the chapter or unit the class is studying at that time.

2.80 - Exemption From PE Requirement

(Updated: February 2014) (Please reference board policy 6:310)

A student in grades 9-12 may be excused from physical education courses for the reasons stated below.

1. Ongoing participation in an interscholastic athletic program (student must be in the 11th or 12th grade);
2. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade); or
3. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).
4. Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure 10.30.

2.90 - Credit for Proficiency, Non-District Experiences and Course Substitutions

(Updated: January 2015) (Please reference board policy 6:310)

Proficiency Credit

Proficiency credit is not available.

Non-District Experiences

The District does not grant graduation credit for learning experiences that an enrolled student does not complete through the District.

District Sponsored Experiences

CACC

Waverly High School is pleased to be part of the Capital Area Career Center. Before registering for CACC, however, all students should be aware of several important factors. First of all, the bus ride to the CACC is approximately 40 minutes each way. Secondly, CACC students will occasionally miss a homeschool function. When feasible,

assemblies and activities will be scheduled in the morning, however, this is not always possible. CACC students will be allowed to stay at Waverly during the afternoon for some, but not all, special activities.

Students who attend CACC will be dismissed after their 4th period for lunch. They will be required to report to the cafeteria for lunch and attendance. They are not allowed to leave school grounds. Students enrolled in work study and clinicals will be allowed to drive with permission from parents, CACC, and Administration approval. They must sign out in the office before leaving. They will not be assigned a homeroom. The bus will leave for CACC shortly after 11:35 am. Students are expected to attend CACC sessions even if Waverly High school is not in session. An unexcused failure to attend CACC will be considered skipping. Students who successfully complete a semester of work at CACC will receive two credits. Four credits will be issued per year.

In order to attend CACC, the following criteria must be met:

1. The student must be at least Junior standing (13 credits.)
2. The student must have passed all required freshman and sophomore level courses, including two full years each of English, math, science, and one semester of health.
3. The student must not exceed nine absences during the previous and/or current school year.

College Credit Courses/Illinois Virtual High School Classes

As juniors and seniors, students may apply college credit classes toward graduation. A course of three semester hours or more will earn one unit of credit. A course of two semester hours will earn one-half unit of credit. No credit will be given to classes of less than two semester credit hours. Students may participate in off-site classes if the student's schedule is approved through the school counselor and building administrator and an online option is not available.

As juniors and seniors, students will also have the opportunity to participate in Illinois Virtual High School online classes for courses that are not offered on the current class schedule.

2.100 - Home and Hospital Instruction

(Updated: February 2013) (Please reference board policy 6:150)

A student who is absent from school, or whose physician anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to three months after the child's birth or a miscarriage.

For information on home or hospital instruction, contact the building principal.

2.110 - Early Graduation

(Updated: November 2009) (Please reference board policy 6:300)

Students who will have successfully completed graduation requirements after seven (7) semesters may petition to graduate. Applications must be submitted to the principal prior to September 15 of the student's seventh semester.

Early graduates must take full responsibility to make arrangements with the high school office for anything pertaining to the graduation ceremony. (i.e. announcements, cap and gown rental, graduation practices, etc.)

The student and a parent will schedule a conference with the Principal and the school counselor prior to October 1 of the student's seventh semester. At the conference the student should be prepared to justify his/her request to graduate early.

2.120 - Graduation Requirements

3. Participating in the State assessment required for graduation.

This chapter includes policies and procedures on student fees and meal costs.

3.10 - Fees, Fines & Charges; Waiver of Student Fees

(Updated: February 2011) (Please reference board policy 4:140)

Textbook/Technology Fees for junior high and high school students for the school year will be \$70 per student. Students will be charged for lost, stolen or damaged computers. Students will be required to wear school P.E. uniforms which are available for \$15 in the office.

The school establishes fees and charges to fund certain school activities, including but not limited to textbook/instructional materials/technology, deposit for use of school property, field trips, uniforms, classroom supplies, admission to dances or athletic events, breakfast/lunch, graduation/school records/health service fees. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parents or guardians to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment, charges for purchasing such items as class rings, yearbooks, pictures, etc, charges for optional trips taken by classes, clubs, organizations, and fees for driver's education.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if the student currently lives in a household that meets the income guidelines, with the same limits based on the household size, that are used for the federal free meals program.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;

- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

Within 30 days, the building principal or designee will notify the parent/guardian if the fee waiver request has been denied, along with the appropriate appeal process. If you have questions regarding the fee waiver process, you may contact the building principal at 201 N. Miller Street, Waverly, IL or 435-2211.

Please only call the office after 2:00 in an emergency situation.

4.10 - Bus Transportation

(Updated: February 2016) (Please reference board policy 4:110)

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter a single file line without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.

5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smartphones, and other electronic devices must be silenced on the bus unless a student uses headphones.
6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
10. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on buses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact the transportation director.

4.15 Bus Conduct

Students are expected to follow all school rules when riding the school bus. Students should be kind, capable, and responsible. A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons.

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

4.20 - Parking

(Updated: November 2009) (Please reference board policy 4:110)

Driving to school is a privilege not a right. Underclassmen will be allowed to park their vehicles in the lot directly east of the grade school. There will be a limited amount of parking available in the high school lot for seniors. Students caught driving recklessly in the parking lot may be subject to disciplinary action which may include loss of driving privileges.

Any student who finds it necessary to use a vehicle or venture to the parking lot during the day must have the permission of the principal. Permission will be granted for driving during the day after the principal has received a note or phone call from the parents. Failure to receive permission before entering an automobile during the day may result in a two-hour detention and or loss of driving privileges. Please check with the principal any time you anticipate needing to ride or drive during the day.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in cars parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.

Vehicles **MAY NOT** be parked or located in the bus lanes or fire lanes at **ANY TIME**. Vehicles located in these locations may be ticketed and/or towed by the police.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

(Updated: January 2015) (Please reference board policy 7:270)

No medication (prescription or over-the-counter) will be given at school without a medication consent form. The medication consent form will be part of registration. You may also get a form from the office to fill out. If your child does not have a medication consent form, he/she will not be administered medication at school.

Permission forms will be required from the doctor's office and signed by the physician to then be given to the school nurse. If there is no form stating the student can carry medication, the medication will be kept in the nurse's office.

Elementary Class Parties

Classroom parties may be held to celebrate certain holidays. Parents may be asked to help with supplying treats for all classroom parties. Treats may also be provided for student birthdays after arrangements have been cleared with the classroom teacher. The treats will be distributed during juice time or at the teacher's discretion. **All treats and snacks must be store-bought and may not be from a personal kitchen.**

Additionally, all snacks and/or treats must be nut-free.

5.30 - Guidance & Counseling

(Updated: November 2009) (Please reference board policy 6:270)

The school provides a guidance and counseling program for students. The guidance program is available to assist students in identifying career options consistent with their abilities, interests, and personal values. Students are encouraged to seek the help of counselors to develop class schedules that meet the student's career objectives. High school juniors and seniors have the opportunity to receive college and career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

5.40 - Safety Drill Procedures

(Updated: February 2014) (Please reference board policy 4:170)

Safety drills will occur at times established by the administration. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students.

5.50 - Communicable Disease

(Updated: November 2009) (Please reference board policy 7:280)

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

5.60 - Head Lice

(Updated: February 2010)

The school will observe recommendations of the Illinois Department of Public Health regarding head lice.

The Waverly School District follows a NIT-FREE guideline. This means any student identified to have head lice must leave school, be treated for lice, and have all the nits removed from the hair shaft before being readmitted to the school. Upon return to school, the parent is expected to bring the student to the school nurse for a head check to make sure all nits have been removed. If the nurse finds any nits, the student will be sent back home for complete nit removal. The student will be excused from school for two days (the day the student is sent home and the next day if the student has to go home for additional nit removal). After two days of absence for the same occurrence of head lice, the absences will be unexcused. After a student is readmitted to school, the student will be rechecked periodically for reoccurrences. If head lice are detected on your child at school, you will be notified immediately to pick up your child and take him/her home for proper treatment. Your child's classmates will be checked that day to rule out any other incidents. Re-treatment in the household should be done in 7-10 days. Another note must be sent to the nurse indicating treatment was done. Your child will be rechecked by the nurse again.

5.70 Illness at School

Students who become ill at school will be sent to the school nurse for consultation. If the nurse feels that the student should be sent home, every attempt to contact a parent or guardian will be made. Parents should pick ill

students up at the office. Students will be sent home only if it is felt that it is in the best interest of the student and the rest of the student body. The following reasons will be deemed necessary for the student to be sent home: Lice, Nits, Any Contagious Rash, Fever of 100.4 or higher, Diarrhea, and/or Vomiting.

PARENT NOTICE: If your child is running a fever, vomiting, or has diarrhea, he/she will need to be free of symptoms for 24 hours without aid of medication before returning to school.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds, before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference/Verbal Reprimand
3. Withholding of privileges (including extra-curricular attendance, driver's ed, field trips, etc)
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. After-school detention or Saturday detention provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)

8. Community service.
9. Special assignment
10. Behavioral Contract
11. Counseling
12. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
13. Suspension of bus riding privileges.
14. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
15. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
16. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
17. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Detention System

While teachers attempt to handle problems at school without the use of detentions, there are situations which require this action. Students who continually talk and bother others, are late to class, or violate school or classroom rules, will be assigned a detention.

Students who receive detention will be required to report by 3:20 pm. Detention hall will usually be held one day per week and students will be required to serve on their assigned day. Athletic practices, work, attendance at CACC, etc. will not be acceptable reasons to postpone a detention.

Students who do not report as assigned will be issued a second detention. Failure to report a second time will result in an extended detention. These detentions will be scheduled as needed and attendance is mandatory for the student. While serving a detention, students are expected to do school work or read. Saturday detention hall will begin at 8 AM and continue until 11 AM. Failure to report to a Saturday detention will result in an in-school suspension.

Elementary Detentions (30 minutes)

A "Detention" refers to an all-school policy. These are the only detentions that are regulated by this section. (Do not confuse this formal detention with what some students will refer to as a "noon-time detention"). This is done for lesser infractions and helps to avoid detentions outside normal school hours.

Students who violate school or classroom rules may be assigned a 30 minute detention outside of normal school hours. Students who are serving a detention will be expected to bring enough school work to keep them busy for 30 minutes. Students may be assigned more than one detention depending on the violation. If this happens, detentions will be served at successive detention sessions. Students are required to arrange for their own transportation.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Gang & Gang Activity Prohibited

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or nonverbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

6.40 - Prevention of and Response to Bullying, Intimidation, and Harassment

(Updated: November 2015) (Please reference board policy 7:180)

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

Complaint Managers: The building principal, school counselor, and/or superintendent can be reached at 435-2211 (High School) or 435-8121 (Superintendent).

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Students and parents/guardians are also encouraged to read the following school district policies: 7:20, *Harassment of Students Prohibited* and 7:180, *Prevention of and Response to Bullying, Intimidation and Harassment*.

6.45 Sexual Harassment & Teen Dating Violence Prohibited

(Updated: February 2014) (Please reference board policy 7:180/7:185)

Sexual Harassment Prohibited

Sexual harassment of students is prohibited. A person engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or
2. Has the purpose or effect of:
 1. Substantially interfering with a student's educational environment
 2. Creating an intimidating, hostile, or offensive educational environment;
 3. Depriving a student of educational aid, benefits, services, or treatment; or
 4. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms *intimidating*, *hostile*, and *offensive* include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities. The term *sexual violence* includes a number of different acts. Examples of sexual violence include, but are not limited to: rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

Teen Dating Violence Prohibited

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term *teen dating violence* occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

Making a Complaint; Enforcement

Students are encouraged to report claims or incidents of sexual harassment, teen dating violence, or any other prohibited conduct to the building principal, school counselor, or a student may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to discipline.

(Updated: February 2016) (Please reference board policy 7:140)

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

6.80 - Student Use of Electronic Devices

(Updated: June 2021)

During instructional time, all personal electronic devices must be placed in a pocket on the wall in the classroom as they enter the classroom. If the student fails to put electronic devices in the wall pocket at the beginning of class and it is taken away during the class time the punishment will double.

The use of electronic devices and other technology at school is a privilege, not a right. Students are prohibited from using electronic devices, except as provided herein. An electronic device includes, but is not limited to, the following: cell phone, smartphone, audio or video recording device, personal digital assistant (PDA), iPod®, iPad®, watches, laptop computer, tablet computer or other similar electronic device. Pocket pagers and other paging devices are not allowed on school property at any time, except with the expressed permission of the building principal.

During instructional time, electronic devices must be kept powered-off and out-of-sight unless: (a) use of the device is provided in a student's individualized education program (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.

All students are expected to keep their cell phones out of sight except before school, lunch, and during passing periods.

Wireless headphones or earbuds as personal devices are not allowed in the classroom.

Electronic devices may never be used in any manner that disrupts the educational environment, violates student conduct rules or violates the rights of others. This includes, but is not limited to, the following: (1) using the device to take photographs in locker rooms or bathrooms; (2) cheating; and (3) creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction or non-consensual dissemination of private sexual images (i.e., sexting).

The school and school district are not responsible for the loss, theft, or damage to any electronic device brought to school or extracurricular events.

Students in violation of this procedure are subject to the following consequences:

1. First offense – The device will be confiscated by school personnel. A verbal warning will be assigned. The device will be returned to the student at the end of the day in the school office.
2. Second offense – The device will be confiscated. A 30 minute detention will be assigned. The student's parent/guardian will be notified and required to pick up the device in the school office.
3. Third offense – The device will be confiscated. A 60 minute detention will be assigned. The student's parent/guardian will be notified and required to pick up the device in the school office.

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Elementary Electronic Devices and Equipment/Toys

Electronic devices, toys, and trading cards (Ex: Pokemon Cards, baseball cards, etc.) should not be brought to school. In the event there is a special circumstance, it must be approved by the teacher prior to the student bringing a toy or device to school. If cell phones are brought to school, they must be kept in students' lockers and not enter the classroom.

It is suggested that students get permission before bringing any item of value which might become lost or damaged at school. **The school is not responsible for any lost or damaged items brought from home.**

Chapter 7 - Internet, Technology & Publications

This chapter includes a model acceptable use policy. Also included is a policy on school-sponsored and non school-sponsored publications and websites.

7.10 - Internet Acceptable Use

(Updated: November 2009) (Please reference board policy 6:235)

All use of electronic network use must be consistent with the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.**

Acceptable Use - Access to the electronic network must be: (a) for the purpose of education or research, and be consistent with the District's educational objectives, or (b) for legitimate business use.

Privileges - The use of the electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

1. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
2. Unauthorized downloading of software, regardless of whether it is copyrighted or de-virused;
3. Downloading of copyrighted material for other than personal use;
4. Using the network for private financial or commercial gain;
5. Wastefully using resources, such as file space;
6. Hacking or gaining unauthorized access to files, resources, or entities;
7. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
8. Using another user's account or password;
9. Posting material authored or created by another without his/her consent;
10. Posting anonymous messages;
11. Using the network for commercial or private advertising;
12. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
13. Using the network while access privileges are suspended or revoked.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

1. Be polite. Do not become abusive in messages to others.
2. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
3. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
4. Recognize that electronic mail (email) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
5. Do not use the network in any way that would disrupt its use by other users.
6. Consider all communications and information accessible via the network to be private property.

No Warranties - The school and district make no warranties of any kind, whether expressed or implied, for the service it is providing. The school and district are not responsible for any damages the user suffers. This includes

loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The school and district specifically deny any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - The user agrees to indemnify the school and district for any losses, costs, or damages, including reasonable attorney fees, incurred by the school or district relating to, or arising out of, any violation of these procedures.

Security - Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or building principal. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Telephone Charges - The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Copyright Web Publishing Rules - Copyright law prohibits the republishing of text or graphics found on the Web without explicit written permission.

1. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the Web address of the original source.
2. Students engaged in producing Web pages must provide library media specialists with email or hard copy permissions before the Web pages are published. Printed evidence of the status of "public domain" documents must be provided.
3. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.

Use of Email – The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the School District. The School District provides email to aid students as an education tool.

1. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student to an email account is strictly prohibited.

2. Each person should use the same degree of care in drafting an electronic mail message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
3. Electronic messages transmitted via the school district's Internet gateway carry with them an identification of the user's Internet "domain." This domain name is a registered domain name and identifies the author as being with the school district. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the school and district. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.
4. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
5. Use of the School District's email system constitutes consent to these regulations.

7.20 - Guidelines for Student Distribution of Non-School Publications

(Updated: November 2015) (Please reference board policy 7:310/7:315)

A student or group of students seeking to distribute more than 10 copies of the same material on one or more days to students must comply with the following guidelines:

1. The student(s) must notify the building principal of the intent to distribute, in writing, at least 24 hours before distributing the material. No prior approval of the material is required.
2. The material may be distributed at times and locations determined by the building principal, such as, before the beginning or ending of classes at a central location inside the building.
3. The building principal may impose additional requirements whenever necessary to prevent disruption, congestion, or the perception that the material is school-endorsed.
4. Distribution must be done in an orderly and peaceful manner and may not be coercive.
5. The distribution must be conducted in a manner that does not cause additional work for school personnel. Students who distribute material are responsible for cleaning up any materials left on school grounds.
6. Students must not distribute material that:
 - a. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
 - b. Violates the rights of others, including but not limited to, material that is libelous, invades the privacy of others, or infringes on a copyright;

 - d. Is reasonably viewed as promoting illegal drug use; or
 - e. Is primarily prepared by non-students and distributed in elementary and/or middle schools.

7. A student may use the School District's Uniform Grievance Procedure to resolve a complaint.
8. Whenever these guidelines require written notification, the appropriate administrator may assist the student in preparing such notification.

A student or group of students seeking to distribute 10 or fewer copies of the same publication on one or more days to students must distribute such material at times and places and in a manner that will not cause substantial disruption of the proper and orderly operation and discipline of the school or school activities and in compliance with paragraphs 4, 5, 6, and 7.

Chapter 8 - Search and Seizure

Here you will find a comprehensive policy on student searches and seizures. The policy includes student rights under state and federal law and procedures for searching students and their possessions.

8.10 - Search and Seizure

(Updated: November 2015) (Please reference board policy 7:140)

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district

policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Student Drug and Alcohol Testing

A search may include requiring a student to submit to drug/alcohol testing if there is reasonable suspicion that the student is under the influence of drugs/alcohol. If the student and the parent(s)/guardian(s)/custodian(s) refuse to submit to the testing when requested by school authorities, the student shall be deemed to have violated the behavior standards as if the student has tested "positive" and the student shall be subject to suspension and/or expulsion. The student's parent(s)/guardian(s)/custodian(s) will be notified of the search and/or drug and alcohol testing as soon as possible.

Honor Clause

Any student who presents himself/herself to a school official as having a substance abuse problem will retain full privileges as long as the following conditions are met:

1. The admission of the said abuse is initiated by the student and is not made as a means of escaping disciplinary action.
2. The student and parents are referred and begin to receive counseling at a recommended treatment center within 2 weeks of admission.
3. The student and parent/guardian/custodian consent to weekly urine drug testing at the parent/guardian/custodian expense for five weeks.
4. The MRO determines that quantitative levels of the illicit or banned substance do not reflect current use but natural decay.

The provisions are written to allow a student the opportunity to seek help. However, this voluntary admission with request for help may not be used to escape normal disciplinary actions, it may be used to decrease disciplinary actions.

Information discovered by the school of public knowledge of an infraction subsequent to the admission will be taken as an attempt to escape normal disciplinary action and will nullify this option for the student.

Chapter 9 - Extracurricular and Athletic Activities

9.10 - Extracurricular and Athletic Activities Code of Conduct

(Updated: February 2016) (Please reference board policy 7:300/7:240)

Requirements for Participation in Athletic Activities

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant. The preferred certificate of physical fitness is the Illinois Elementary School Association's Pre-participation Examination Form or Illinois High School Association's Pre-Participation Physical Examination Form.
2. Student Athletes must have a signed Insurance Waiver to participate.
3. Students and Parents will sign and abide by the Waverly/ South County Athletic Handbook.
4. Signed documentation agreeing to comply with the School District's policies and procedures on student athletic concussions and head injuries set forth by the IHSA or IESA

Illinois Elementary School Association & Illinois High School Association⁴

Eligibility for most athletics is also governed by the rules of the Illinois Elementary School Association & Illinois High School Association and, if applicable, these rules will apply in addition to this Extracurricular and Athletic Activities Code of Conduct. In the case of a conflict between IESE/IHSA and this Code, the most stringent rule will be enforced.

Academic Eligibility

Selection of members or participants in extracurricular and athletic activities is at the discretion of the designated teachers, sponsors, and coaches.

In order to be eligible to participate in extracurricular and athletic activities, a student must be academically eligible in all subjects in order to participate in athletics. At the high school level, eligibility is based on academic standing for the semester. At the junior high level eligibility is based on academic standing for the quarter. At both levels a student cannot be ineligible in a class until the class has met a minimum of 4 times. On the last day of the school week, an grade eligibility report will be ran by the athletic director or other administrator . Once a student is classified as being ineligible, this classification remains until a new list is submitted. Students are responsible for checking the eligibility each week. Repeated ineligibility during the sport season could result in dismissal from the team.

Absence from School on Day of Extracurricular or Athletic Activity

Students who are absent from school for an illness may not attend or participate in evening school activities, including athletic practices unless they were present by 1:00 pm. Exceptions may be made by the designated

teacher, sponsor or coach for: 1) a pre-arranged medical absence; 2) a death in the student's family; or 3) a religious ceremony or event. Friday attendance has no impact on Saturday and Sunday participation.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

Travel

All students must travel to extracurricular and athletic activities and return home from such activities with his or her team by use of school approved transportation. A written waiver of this rule may be issued by the teacher, sponsor or coach in charge of the extracurricular or athletic activity upon advance written request of a student's parent/guardian and provided the parent/guardian appears and accepts custody of the student. Oral requests will not be honored and oral permissions are not valid

Code of Conduct

Chapter 11 - Student Records & Privacy

Policies in this chapter include state and federal student record and privacy notifications. Also included is a policy for schools that collect student biometric information.

11.10 - Student Privacy Protections

(Updated: February 2010) (Please reference board policy 7:15)

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

11.20 - Student Records

(Updated: February 2014) (Please reference board policy 7:340)

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 15 school days of the day the District receives a request for access.
 - a. The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected.
 - b. These rights are denied to any person against whom an order of protection has been entered concerning the student.
2. The right to request removal from the student's academic transcript one or more scores received on college entrance examinations.
 - a. A parent/guardian or eligible student may ask the District to remove certain scores of college entrance exams from their student's academic transcript. Students often take college entrance examinations multiple times in order to improve their results. Test publishers provide the results from each examination taken to the student's high school. Schools must include each of these scores on the student's transcript, which may result in academic transcripts having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent

to postsecondary institutions to which the student applies. To request the removal of scores on college entrance examinations, the parent/guardian or eligible student must submit a written request stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.

3. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.
 - a. Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
 - b. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.
 - c. Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.
 - d. Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.
4. The right to a copy of any school student record proposed to be destroyed or deleted.
 - a. The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least five years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after five years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every four years or upon a student's change in attendance centers, whichever occurs first
5. The right to prohibit the release of directory information.

- a. Throughout the school year, the District may release directory information regarding students, limited to: Name, address, gender, grade level, birth date and place, parent/guardian names, addresses, electronic mail addresses, and telephone numbers, Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs, Academic awards, degrees, and honors, Information in relation to school-sponsored activities, organizations, and athletics, Major field of study, and/or Period of Attendance in school.
 - b. *Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.*
6. The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.
 - a. Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the parent/guardian, or student who is 18 years of age or older, request that the information not be disclosed without prior written consent. If you wish to exercise this option, notify the building principal.
 7. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.
 8. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington DC 20202-4605

11.30 - Student Biometric Information

(Updated: February 2013)

Before collecting biometric information from students, the school must seek the permission of the student's parent/guardian or the student, if over the age of 18. Biometric information means information that is collected from students based on their unique characters, such as a fingerprint, voice recognition or retinal scan.

11.40 - Military Recruiters & Institutions of Higher Learning [HS]

12.10 - Teacher Qualifications

(Updated: November 2009) (Please reference board policy 5:190)

If you would like to receive any of this information, please contact the school office.

12.20 - Standardized Testing

(Updated: November 2015) (Please reference board policy 6:340)

Students and parents/guardians should be aware that students in grades seven through eleven will take standardized tests in the spring. Parents are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests. Parents can assist their students achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night's sleep the night before exams;
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
4. Remind and emphasize for students the importance of good performance on standardized testing;
5. Ensure students are on time and prepared for tests, with appropriate materials;
6. Teach students the importance of honesty and ethics during the performance of these and other tests;

7. Encourage students to relax on testing day.

12.30 - Homeless Child's Right to Education

(Updated: November 2009) (Please reference board policy 6:140)

When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

1. continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
2. enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

Assistance and support for homeless families includes:

Educational organizations and schools, food bank and meal programs, local service organizations (Goodwill, Salvation Army, etc.), family shelters, and/or medical services.

12.40 - Sex Education Instruction

(Updated: February 2014) (Please reference board policy 6:60)

Students will not be required to take or participate in any class or course in comprehensive sex education if his or her parent or guardian submits a written objection. The parent or guardian's decision will not be the reason for any student discipline, including suspension or expulsion. Nothing in this section prohibits instruction in sanitation, hygiene or traditional courses in biology.

Parents or guardians may examine the instructional materials to be used in any district sex education class or course.

12.50 - Parent Involvement Compact (Title 1)

(Updated: November 2009) (Please reference board policy 6:170)

The school annually has a meeting for all Parents/Guardians. At the meeting, the school will discuss parental involvement, and opportunities for Parents/Guardians to get involved in the education of their children. Parents/Guardians are encouraged to attend the meeting and participate in the discussions that occur.

Parents/Guardians should use the meeting as an opportunity to ask questions, make suggestions, and learn about all of the opportunities and programming available for Parents/Guardians to be fully involved in the educational process.

The school and its teachers provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent schedules. Parents/Guardians will be given notice of meeting availability at the beginning of each year, and before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings with teachers. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/Guardians are encouraged to inquire about available meeting times, and to work with teachers. When necessary and appropriate, parents/guardians will be involved in an organized and timely way when programs are created, considered, or altered, and will be continually involved in the ongoing development of programming, curriculum, and policy.

The school provides Parents/Guardians with access to:

1. school performance profiles required by Federal law and their child's individual student assessment results, including an interpretation of such results;
2. a description and explanation of the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet;
3. opportunities for regular meetings to formulate suggestions, share experiences with other Parents/Guardians, and participate as appropriate in decisions relating to the education of their children if such Parents/Guardians so desire; and
4. timely responses to suggestions.

Everyone is responsible for the success of the students of the school. While the school provides the best education we can, it is critical to the success of students that parents assist us in meeting the goals of education set forth by the state, the federal government and ourselves.

In order to better assist in educating the students, we need the help of all parents and guardians. We ask that you help us educate children by monitoring attendance, homework completion, and television watching; by volunteering in your child's classroom; and participating, as appropriate, in decisions relating to the education of children and positive use of extracurricular time.

The school endeavors to do its best to provide all information in the language best understood by parents and guardians. Questions about language alternatives should be directed to the superintendent at 435-8121.

Parents/Guardians of participating children have a right to appeal the contents of this policy. The district will submit any parent comments when this plan is submitted to the State. Any questions or concerns should be directed to the superintendent at 435-8121.

The state's resources on parental involvement can be located at <http://illinoisparents.org/>. The state's website on parental involvement provides information, training, and support for parents and schools on various websites which

Chapter 13 - Miscellaneous

This chapter includes miscellaneous items, school policies and/or notifications.

13.10 - Asbestos

(Please reference Health Life Safety 10 year plan)

Both buildings in the Waverly School District contain some asbestos containing materials. Most of this asbestos is non-friable and is contained in the floor tile. For additional information or to report damage to asbestos containing materials, please contact the superintendent's office. Inspections have been on-going and a trained inspector inspects the buildings every six months to ensure safety within these buildings.

13.20 - Lockers and Valuables

If they so choose, students will be assigned a locker to store school supplies and coats. Each locker has a locking mechanism and students are encouraged to keep it locked at all times. Think ahead--do not bring valuables to school and never leave anything of value in your locker. The school assumes absolutely no responsibility for lost, stolen, or damaged items.

Elementary Lost and Found

All clothing found on school grounds, regardless of its value, is placed in the lost and found box. Money, jewelry, or any other articles of value are kept with the school secretary. Students should claim items only after proper identification. The leftover items will be taken to a charitable organization or placed in Lockers of Love at the Elementary Building.

(Please reference board policy 6:330)

Athletic and academic awards are made at various times throughout the school year. The major academic award is the Student of the Year Award given at Awards' Night in early May. Students compile points during the course of their high school years for participation in clubs and organizations, activities (including athletics and music), cumulative grade point average, and for service to the school. The senior accumulating the most points will receive this award. The Kelly Jackson and Charlene Hobbie awards are given each year to the most outstanding male and female athletes. Points are accumulated by participating and lettering in sports, earning all-conference honors, qualifying for state in individual sports (such as cross country, track, and golf), and by leadership and cooperation shown toward team members and coaches. Points are cumulative and the male and female athlete with the most career points receive these awards.
